

# Public Informational Meeting

to seek input for corridor improvements along Main Street  
from 6<sup>th</sup> Street to Seerley Boulevard in Cedar Falls

**Tuesday, May 23, 2017 from 5:00 to 7:00 p.m.**

**Cedar Falls Community Center  
528 Main Street, Cedar Falls, Iowa**

---

On September 13, 2016, the City of Cedar Falls held a public informational meeting to seek input for potential improvements on the Main Street corridor from 6<sup>th</sup> Street to Seerley Boulevard. Since then, a traffic study of the corridor was completed and those ideas gathered at the meeting have been reviewed.

It is now time to hold a follow up Public Informational Meeting to discuss the study findings and recommendations for this corridor. Roadway construction is slated to begin in 2018.

All interested persons are invited to attend this meeting to learn about the project and give input regarding the corridor. Doors open at 5:00 p.m. beginning with presentation followed by questions and discussion.

If you have any questions prior to the meeting or after, please notify the Cedar Falls contact listed below.
