

All,

Beginning Monday August 31, 2020, Peterson Contractors Inc (PCI) will begin rehabilitation of 26<sup>th</sup> Street by closing 26<sup>th</sup> Street from Iowa Street to 423 26<sup>th</sup> Street, including full intersection replacement at Tremont St. In order for the contractor to begin pavement removal, a full road closure will be required at Tremont St. The road closure will be in effect for approximately **six (6) weeks**, depending on the weather. Above you will find a map with the closure area highlighted.

Work will include new storm sewer installation on the north side of 26<sup>th</sup> St from Tremont to Iowa and storm sewer reconstruction in the intersection of Tremont and 26<sup>th</sup> St. After the storm sewer work is complete, the intersection will be replaced with concrete. 26<sup>th</sup> St will have a new asphalt overlay placed between Iowa and Tremont.

For safety's sake, please stay away from the construction area. Heavy equipment will be moving back and forth on the closed street. It would be advisable to stay behind the sidewalk on the property side during the reconstruction work.

During the closure, alternate garbage pickup points will be required for residents who normally place automated collection carts within the closure area of 26<sup>th</sup> Street. Residents can place their collection carts on the open portion of 26<sup>th</sup> Street, Iowa St and Tremont Street during this stage of the street closure. This should be done on the normal collection day for that particular street.

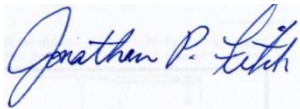

Yard waste collection carts can be placed curbside at the same location as the garbage collection carts for Monday pickup. Yard waste may also be taken to the transfer station in any type of container when the transfer station is open.

Mail delivery during this closure should not be impacted.

If you want to receive road closure notices by e-mail, visit [www.cedarfalls.com/notify](http://www.cedarfalls.com/notify) and follow the instructions for road construction as shown.

If you have any questions or concerns during the course of construction you may contact me by phone, fax or e-mail as listed below.

Sincerely,

A handwritten signature in blue ink that reads "Jonathan P. Fitch". The signature is written in a cursive style and is positioned above a light blue rectangular background.
