**Cedar Falls Public Safety responds to a residential fire at
3708 Eastpark Road**

Cedar Falls Fire Rescue responded to a fire Saturday Evening which caused damage to a Cedar Falls home. Crews with Cedar Falls Fire Rescue were called to 3708 Eastpark Road at 8:44 p.m. Crews arrived and found a condominium with nine attached homes. Public Safety Officers entered the residence and found smoke inside. Crews were directed to the rear of the home by the resident.

Fire crews located a fire on the back side of the fireplace which had spread from the inside of the home. Fire crews used a fire extinguisher to knock down the fire while a hose line was being pulled. Fire crews extinguished the fire and completed overhaul. The fire was contained to the fireplace shaft and there was no fire extension to the inside of the home. The residence was ventilated and turned over to the tenant.

No injuries to animals or persons were reported.
